## NATIONAL SERVICE SCHEME Unit No.610

### Plastic Waste Collection and Disposal in Mampoil & Garden Making

On the 7th of March, 2024, a commendable environmental initiative took place at Mampoil Junction, led by a dedicated group of National Service Scheme (NSS) volunteers. The event focused on the critical issues of plastic waste management and urban greening, showcasing the volunteers' commitment to environmental sustainability and community welfare.

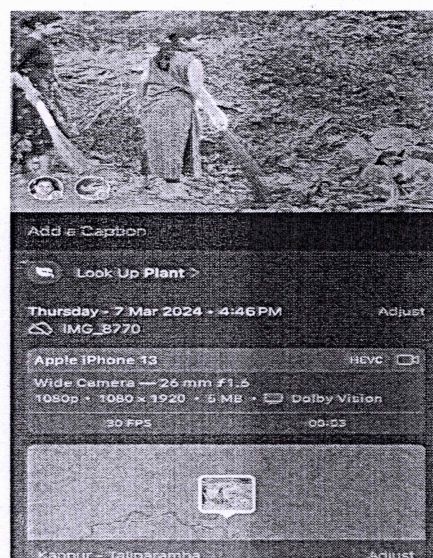

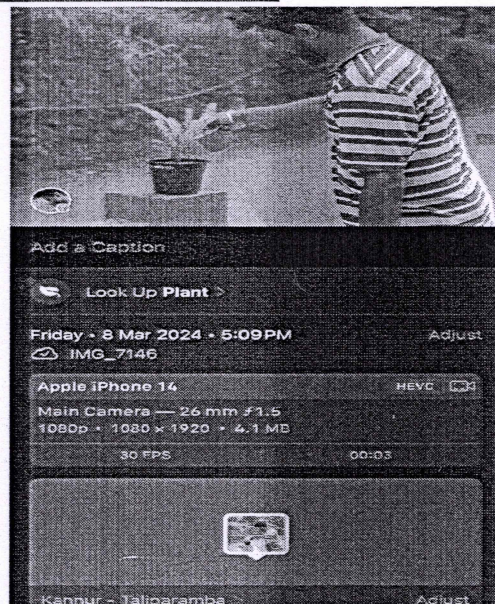

The day commenced with a plastic waste collection drive, where NSS volunteers meticulously scoured the area, gathering discarded plastic items that littered the junction. This activity was not only about cleaning the environment but also served as a strong message to the local community about the detrimental effects of plastic waste on our planet. By disposing of the collected waste in an eco-friendly manner, the volunteers ensured that their efforts contributed positively to reducing pollution and promoting recycling practices.

The garden creation was a testament to the volunteers' hard work and creativity, embodying the spirit of 'green activism'. Through their efforts, they demonstrated that small actions can lead to significant environmental improvements. The garden stands as a symbol of hope and a reminder to the community of the importance of nurturing and preserving our natural surroundings.

The NSS volunteers' initiative at Mampoil Junction is a shining example of how youth can lead the way in environmental conservation and community improvement. By addressing the twin issues of plastic waste and the lack of green spaces, they have made a tangible difference in their local community.
