**WORKSHOP/INTERACTIVE SESSION**

As part of the academic programme, a half day interactive session was organized by Department of Civil Engineering on 28-09-2019 at our campus for S3, S5 and M.Tech students.

The talk was delivered by Ar. Madhukumar, Chief Architect at MKumar Associates Kannur, who has headed many prestigious building projects in the Malabar area namely Harbour City, Shopping mall, Thalasseri, Kannur, A.K.G. memorial Super Speciality Hospital, Talap, 'Santhwanam' - old age home, Azhikkode, Kannur, Tourism Department Art Gallery at Dharmasala, Kannur.

Session commenced at 1:30pm at the Seminar hall. Dr. Susan Abraham (HoD Civil Department) welcomed the guest and students. Mrs. Mary Soina George, Assistant Professor (Senior Grade), introduced the guest.

The speaker shared his knowledge and experience in the field of Architecture and, Construction. The speaker commenced the session by introducing the various activities involved in project design. He stated that design always begins with client requirement elicitation, where the consultant understands the dream and requirement of the client. Further, the consultant develops a rough design based on the available budget.

Once the rough design is approved by the client, the same will be developed into appropriate drawings. The Architect may require to visit the proposed site before beginning the design.

Then Engineer and Architect will do a constructability review to ensure the practical challenges in the construction.

The speaker gave some interesting and important tips in layout of rooms while preparing the plan. To make best utilization of cross ventilation, he recommended providing important rooms such as bed rooms, multi purpose halls at corners of the building and rooms like bathroom/toilet etc. away from corner.

Scientific aspects of our traditional architecture of Vastu vidya was explained with practical examples.
