TRANSPORTATION POLICY & RULES

1. Sree Narayana Guru College of Engineering and Technology in Payyanur offers reliable transportation services for students and staff along specific prearranged routes, ensuring convenient commuting to and from the campus.
2. The provision of bus facility to students is at the discretion of the college management and is not a guaranteed entitlement that can be claimed by any student or parent
3. To utilize the college bus service, students are required to register their names with the college office during the specified registration period at the start of each academic year.
4. Bus passes will be issued to eligible students solely upon recommendation from the Principal, as per the prescribed format, and upon payment of the complete bus fees.
5. The transportation fee for the entire academic year will be applicable regardless of whether a student discontinues availing the transport facility midway through the academic year.
6. If a student chooses to switch from being a day scholar to a hosteller at any point during the academic year, the transportation fees already paid will be reallocated towards the hostel fees accordingly.
7. The college staff interested in using the bus facility is required to register with the college office. Subsequently, the bus fees will be deducted from their salary on a monthly basis.
8. Travel in the bus is strictly permitted only with prior written permission from the relevant college authorities. The Principal holds the authority to refuse travel to any individual lacking proper authorization.
9. Travel in the college bus is exclusively reserved for those with valid bus passes. Hostellers and day scholars without a bus pass are not permitted to utilize the college bus services.
10. Each bus has a designated staff member assigned the role of 'Bus In charge'. They bear responsibility for maintaining discipline and overseeing the conduct of students throughout the journey.

Financial Assistance Policy

The college Management emphasizes academic upgradation for its employees, recognizing the pivotal role of continual learning in fostering excellence. Through workshops, seminars, and sponsored education programs, faculty are encouraged to enhance their skills and knowledge, enriching both their teaching and research endeavours. This commitment to professional development not only elevates individual competence but also enhances the institution's academic reputation.

By developing a culture of lifelong learning, the college cultivates a dynamic environment where innovation thrives and students benefit from the latest advancements in their fields. This dedication to academic growth underscores the institution's commitment to academic excellence and student success.

Financial assistance is provided to faculty members to participate in activities such as Seminars, Conferences, Workshops, Faculty Development Program, STTP etc, The policy will be beneficial only for those faculty who have completed their probation as per the policy of the Management. Faculty members shall submit a request in to the Principal through Head of Department for the approval. Principal's approval should precede application submission.

The policy includes the following:

1. 50% of the registration fee.
2. 50% of the travel expense (only for bus and train)

Supporting documents / proof shall be submitted through proper channel for the reimbursement after getting it sanctioned from the Principal.

E-GOVERNANCE POLICY

Sree Narayana Guru College of Engineering & Technology's E-Governance Policy is formulated with the primary objective of seamlessly integrating e-governance into all facets of our institution's interactions and services. This policy aims at seamlessly integrating e-governance into all facets of our institution's interactions and services.

POLICY

The college aims to implement e-governance in all aspects like; administration, website, library, punching system, finance and accounts, student admission, and examination, ensuring transparency and accountability, thereby enhancing efficiency and accessibility across departments as a leading higher education centre.

Objectives

- To handle non-academic functions and support academic operations.
- To serve as a communication hub for all stakeholders.
- To automate the process related to student admissions.
- To digitize the library for improved access and efficiency.
- To provide online portal for attendance management.

- To manage finances, budgeting, payroll, and compliance.
- To instantly process and publish exam results with automated notifications.

The e-governance policy sections of the college cover each of the specified areas:

Administration:

ERP (ET Lab) is used by Administrative Staff and Teaching Faculty to record and track Attendance, Internal Assessment, etc. Monthly Reports, Progress Report should be generated, to automatically calculate the Internal Assessment marks and attendance. Ensure students access a maximum of services online for convenience.

Website:

The college website is user-friendly, accessible, and regularly updated with relevant information. Define responsibilities for maintaining accurate and up-to-date content, including announcements, academic programs, faculty profiles, and campus events. Ensure the website complies with accessibility standards to accommodate users with disabilities. Implement a system for collecting feedback from website visitors to improve user experience.

Student Admission:

Establish procedures for accepting and processing online applications for admission to various programs- Total Campus Solutions (TCS). Define protocols for verifying applicant documents electronically and securely. Clearly outline admission criteria, including eligibility requirements, selection process,

Guidelines for Biometric Attendance System for Faculty and Staff

Biometric attendance system is being introduced for digitally recording the attendance of all the faculty and staff. The biometric attendance machines have been installed the administrative and department blocks to enable the faculty and staff to register their attendance by recording their finger impression through the biometric machines.

The purpose of this policy is to establish guidelines to improve efficiency in monitoring the attendance, leave records and over all working environment by Biometric Based Attendance Monitoring System (BBAMS). This policy is applicable to all employees of SNGCET. The guidelines for biometric attendance system to be adhered in the institute are as follows:

1. Recording/ Marking of Daily Working Timings

- a) The daily working timings of the faculty and staff shall be as notified by the competent authority from time to time.
- b) The Biometric Based Attendance Monitoring System (BBAMS) will be maintained by the Principal. Whereas the matter of attendance and related details will be maintained by the Administrative Office.
- c) All faculty and staff member must register their daily attendance without any exception by using biometric machines to record their fingerprint impressions, capturing both their in and out times.
- d) In case, if any of the machines is not functional, the faculty and staff may mark their attendance in the other machine and if both machines are not working due to any reason, the faculty and staff have to sign in the file kept for this special purpose at the College office.
- e) Biometric attendance machine will record the attendance at any time but attendance recorded/ marked by the faculty and staff shall be considered if recorded/marked as follows:

Academic timings are from 09:00 a.m to 04:00 p.m with 45 minutes of lunch break from 12:15 p.m to 01:00 p.m. From one hour before and half an hour (grace time) after the notified starting of daily working time for faculty/ staff.

Office Timings are from 09:00 a.m to 04:30 p.m with 50 minutes of lunch break from 01:10 p.m to 02:00 p.m.

Reaching the college after 9.00 a.m or leaving the college before 04:00 p.m / 5.00 p.m (in case of Office staff) will be reckoned as half day leave except in cases like consultation with doctor/ visit to hospital/attending social obligation, etc., Late punching in the morning/early punching in the afternoon up to one hour (maximum,) will be allowed twice in a month subject to the condition that prior intimation/approval of the immediate superior officer has been obtained from competent authority.

g) **Grace Period:**

Marking of biometric attendance during grace period (15 minutes in starting of daily working time) does not mean that the faculty/staff is allowed to come to institute 15 minutes late from his/her notified daily working time. It is just a grace time in marking of biometric attendance in order to cater some delays due to traffic congestions in the city, faults/ breakdown in vehicle and queue at machine location etc.

The grace period is not permissible for faculty/staff that has his/her teaching period/any other important duty like invigilation from the beginning of his/her start of working time. For such cases, recording/marking attendance on biometric machine after the beginning of his/her start of working time will lead to leave and responsibility of adjustment of his/her duty accordingly.

All concerned shall start their daily working in-time and shall finish their daily working in-time or as per the requirements of competent authority without any exception.

g) It is the responsibility of the individual faculty/staff to complete the notified daily working hours or the daily hours as per the requirements of competent

authority, otherwise it may be registered as leave and responsibility of adjustment of his/her duty accordingly.

2. Late/Early Recording/ Marking of Attendance

Recording/Marking of biometric attendance after grace period (15 minutes in starting of daily working time) and before completion of daily working hours shall be considered as “Late punch/Early punch” respectively and approval has to be obtained from competent authority for the same.

3. Half Day Leave

Faculty or staff availing half-day Casual Leave in the morning must register biometric impression on BBAMS by 12:30 p.m. Those availing Casual leave in the afternoon are to mark biometric impression after 12:15 p.m only.

Office staff availing half-day Casual Leave in the morning must register biometric impression on BBAMS by 1:00 p.m. Those availing Casual leave in the afternoon are to mark biometric impression after 12:45 p.m only.

b) No grace time is permissible in recording/ marking of biometric attendance for faculty/ staff availing half day casual leave.

4. Full Day Leave

Faculty/staff on full-day casual leave are exempt from biometric attendance if leave is approved by the Principal/Competent authority.

In order to avail Compensatory Off, as per the leave policy rules, the staff availing the same shall make sure that attendance for the holiday they have worked is recorded in the BBAMS without fail.

6. Attendance Reports

Attendance reports would be available on the CMS on daily basis and concerned staff shall get their attendance regularized within seven days from the date of absence. Further, a consolidated monthly statement in this regard would be obtained from CMS

7. Forgot/Unable to Record/Mark Attendance

- a) If any faculty/staff forgot/unable to record/mark his/her bio-metric attendance, then he/she shall report for the same to HOD and fill the prescribed application for the same.
- b) It will be the responsibility of faculty/staff to submit prescribed application (i.e. Forgot to Punch/Unable to Punch) to HOD on within a week. The HOD is to forward the application to the Principal/Competent authority.
- c) If the faculty/staff does not submit the prescribed application (i.e. Forgot to Punch/Unable to Punch) within the time frame then the Principal/Competent authority may consider him/her on leave.
- d) Forgot to Punch/Unable to Punch will be considered only three times per month and for subsequent forgot/unable the one day casual leave should be applied.

8. Leave Application

It must be ensured by HOD's that duly recommended leave applications of any nature are sent to the Principal through the CMS. The designated Office staff shall ensure that all such leave applications for a month are duly sanctioned by the Principal on or before 30th or 31st of every month (whichever is applicable and 28th or 29th in case of February) for calculating the monthly salary.

comprising the Secretary, Vice President, Directors and Principal.

3. The committee evaluates promotions of teaching staff to higher positions based on guidelines provided and in accordance with AICTE norms. Candidates must not have any disciplinary actions against them for misconduct.
4. Candidates with a minimum of 10 years of teaching/research/industrial experience, including at least 5 years at the Assistant Professor level, are eligible to be appointed and designated as Associate Professors, subject to AICTE regulations and management approval.
5. Only teachers with a PhD are eligible for promotion, appointment, or designation as Professor. However, retired government teachers with at least 15 years of teaching experience at the undergraduate level may be appointed as Professors based on the discretion of the management.
6. Promoted individuals are placed in the appropriate pay scale determined by the management.
7. Consistent good performance is essential for internal promotions and increments.

These policies ensure that promotions within the institution are based on merit, qualifications, and performance, in accordance with regulatory standards and the discretion of the management.

V. RETIREMENT FROM SERVICE

Here are the outlined points regarding retirement policies within the institution:

1. Both teaching and non-teaching staff are required to retire upon reaching the age of superannuation, which is set at 60 years for teaching staff and 56 years for non-teaching staff.
2. If a faculty member reaches the age of superannuation during the academic year, their retirement date will be on the 31st of May of the following year.
3. The age of superannuation specified above does not apply to Professors holding Emeritus and Special Category appointments.

These policies outline the retirement procedures for staff members and exceptions for certain appointments.

VI. TERMINATION OF SERVICES OF AN EMPLOYEE

1. The Principal/Designated Authority can suspend staff for misconduct charges.
2. An employee detained for over 48 hours or sentenced to imprisonment shall

3. The Principal may conduct a preliminary inquiry into the matter personally or appoint a committee for the same. The complaint may also be forwarded to specific committees like the Grievance cell or Women's cell based on the nature of the complaint.

4. If the Principal finds the complaint to be substantiated upon preliminary inquiry, they shall proceed with the disciplinary process based on the severity of the violation.

5. The Principal, if deemed necessary, will issue a show cause notice to the accused teacher, detailing the offense and proposed actions, allowing sufficient time for the teacher to provide their explanation.

6. Upon receiving the explanation or after the submission deadline, the Principal will review and decide on appropriate action, potentially disciplinary.

5. Disciplinary actions may include the following categories:

- i. Memo
- ii. Written warning, with monetary recovery if financial loss is involved
- iii. Suspension from work without remuneration
- iv. Dismissal or discharge from service

These procedures ensure transparency and fairness in handling disciplinary matters concerning teachers within the institution.

c. GRIEVANCE PROCEDURE

1. The Principal is responsible for establishing a Grievance Committee to address employee grievances, aligning with the norms of AICTE and the University.

2. The Grievance Committee consists of a Chairperson and members determined by the Principal during Academic Council.

3. The Principal announces the composition of the Grievance Committee, including the names of its members, whenever it is formed or reconstituted.

4. The Chairperson of the Grievance Committee oversees its proceedings and convenes meetings at least once every semester or as required.

5. Any employee with a grievance should submit a written representation to the Grievance Committee.

6. The Grievance Committee, under the guidance of the Chairperson/Convener, promptly addresses and redresses grievances raised by employees.

7. The Convener or a member designated by the Chairperson is responsible for

recording and maintaining minutes of the Grievance Committee meetings.

This process ensures a structured approach to addressing and resolving employee grievances within the institution, fostering a supportive and fair work environment.

SCHOLARSHIP POLICY

Introduction:

Sree Narayana Guru College of Engineering and Technology, functions with the mission of uplifting the economically backward students by offering scholarships and fee waivers, to provide opportunities for promising individuals the means to excel academically and contribute to society.

Scope of the Policy

These scholarships aim to recognize and encourage talented individuals, providing financial assistance while motivating them to continually strive for excellence in their studies. This scholarship policy outlines the rules and guidelines to be followed since the inception of the college. The policy encompasses the awarding of scholarships based on both management and the government's reservation policy to enrolled students.

Objectives of the Policy

- To promote academic excellence, support students from disadvantaged backgrounds, and encourage specific fields of study.
- To assist the students in applying for scholarships at all levels (Central, State and institution).
- Scrutinise the documents for the various scholarship schemes.
- Receive and verify the scholarship applications and recommend them forward.

Scholarship Policy Guidelines

Sree Narayana Guru College of Engineering and Technology, Payyanur aims to grant a scholarship to a deserving student in each discipline. The final decision to award scholarship rests with the Management based on the recommendations of the Principal.

Types of scholarships

I. MANAGEMENT SCHOLARSHIP

The management scholarship is offered by Sree Bhakthi Samvardhini Yogam to support the outstanding and economically backward students. Every academic year, in the governing body meeting, the rules and regulations for the management scholarships are discussed and ratified. The management scholarships are released to the students based on the eligibility criteria laid.

MOBILE PHONE POLICY

This policy establishes clear guidelines for mobile phone usage on campus, applicable to all. Acknowledging the importance of communication and its impact, the guidelines aim to balance accessibility with minimizing disruptions, fostering a conducive learning environment while respecting privacy and focus.

1. **Restrictions during Class Time:** During class hours and examination periods, students are prohibited from using mobile phones. Mobile phones must be kept on silent mode or turned off while in class.

1.

Exam Regulations: Mobile phones are typically not allowed during exams to prevent cheating or unauthorized communication. Colleges may require students to place their phones in designated areas or turn them off completely before entering the examination room.

2.

Consequences for Violations: Staff members have the authority to confiscate mobile phones from students who violate these rules. In case of violating mobile phone policies, which may range from warnings, disciplinary action or dismissal depending on the severity and frequency of the offense.

3.

Educational Use: the use of mobile phones for educational purposes, such as accessing course materials, educational apps, or communication with instructors is permitted. In such cases, policies may focus on responsible and appropriate use rather than strict restrictions.

4.

Respect for Others: In case of using mobile phone always consider importance of respecting others' privacy and concentration. This includes refraining from using phones in ways that disturb or cause inconvenience to fellow students or faculty members. Staff members are prohibited from using mobile phones during class hours and invigilation duty.

LIBRARY POLICY

The Central Library of Sree Narayana Guru College of Engineering & Technology has wide collection of books, journals, magazines and newspapers as e-copies and in print as well, by adopting Information and Communication Technologies. The library has over 22,000 books covering science, technology, engineering, management, and general studies. The collections are regularly upgraded based on the University Syllabus and AICTE recommendations.

SCOPE

The library policy of Sree Narayana Guru College of Engineering & Technology outlines guidelines for students and staff the details of collection management, services, circulation, facility access and usage and enforcement. The Library Policy provide guidelines to offer timely access to information, and support the educational pursuits of students, faculty, and staff.

VISION

The vision of the Library is to support the institution by providing seamless access to the widest possible spectrum of information resources such as digital, online databases, print and non-print materials relevant to the curriculum, informational and innovative research needs of the academic community, means to provide Right Information to the Right Users at the Right Time.

MISSION:

The mission is to provide college students, teaching & non-teaching staff with the information they need to achieve their highest academic potential and help them acquire research skills necessary for lifelong learning

OBJECTIVES

The Library Policy has been laid with the following objectives:

- The primary objective of a library is to provide the right information at the right time in the right form to its users.
- Upholding the college's standard and reputation by providing exemplary library services.
- Creating diverse bibliographies and library pathfinders to facilitate effortless information access and retrieval.
- Establishing an environment where both students and staff can enjoy the learning process.
- Providing a well-organized collection of books, periodicals and electronic media, that meets the instructional needs of the students and faculty in order to support the courses.
- Ensuring the library collection remains relevant and beneficial, meeting the requirements of all courses.

POLICY STATEMENTS

- All students and staff must produce their ID cards when entering and exiting the library via the gate entry system to record their entry into the library.
- Personal books, files and other articles will not be allowed inside the library.
- Strict silence and decorum shall always be maintained in the library.

INTERNSHIP POLICY

Sree Narayana Guru College of Engineering & Technology has formulated the Internship policy to establish guidelines to monitor various aspects of Undergraduate and Postgraduate Internship

SCOPE

Industry internships serve as a crucial component of academic curricula, providing students with invaluable real-world experience and exposure to the professional environment. The college's internship policy encompasses defining eligibility criteria, facilitating industry partnerships, coordinating student placements, ensuring learning objectives alignment, monitoring intern performance, fostering professional development, and assessing program effectiveness, thereby enhancing students' practical skills and career readiness within the engineering field."

Objective of the Internship Policy

The Internship Policy enables the students to select internship programs which will enable the student to

1. Apply knowledge and Develop Skill:

Internships offer students the opportunity to apply theoretical knowledge gained in classrooms to real-life situations. This hands-on experience helps in deepening understanding and skill development.

2. Learn Industry Etiquettes

By working alongside professionals in the industry, interns get to observe and learn from experienced individuals. This exposure allows them to understand the expectations, norms, and standards of the industry.

Dr. LEENA A V
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY
PAYYANUR, KANNUR

3. **Enhance communication and presentation skills**

Through interactions with colleagues, supervisors, and clients, interns enhance their communication and presentation skills. They learn to articulate ideas, collaborate effectively, and present their work professionally.

4. **Gain insights into various career paths:**

Internships provide students with insights into various career paths within their field of study. It helps them make informed decisions about their future career trajectories by experiencing different roles and responsibilities.

5. **Secure job offers or references**

Internships serve as a pathway to securing final placements. A successful internship often leads to job offers from the host organization or provides valuable references for future employment opportunities.

6. **Absorb industry dynamics and emerging Technologies.**

Being part of day-to-day operations exposes interns to the challenges and dynamics of the industry. This firsthand experience helps in understanding industry trends, practices, and emerging technologies.

7. **Enhance resumes/CVs with Practical Experience:** Internship experiences add value to students' resumes/CVs. Employers value candidates with practical experience, and internships provide students with tangible examples to showcase their skills and accomplishments.

Guidelines for Internship

Guidelines are laid by the University for UG and PG programs from time to time, students can ensure a fruitful and enriching internship experience that complements their academic learning and prepares them for future professional endeavors.

- i. **Minimum Duration:** All students are required to complete minimum internship duration of as stipulated by University. The students are encouraged to undergo Internship/industrial training during the summer and winter vacation period.

Dr. LEENA A V
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY
PATTANUR, KANNUR

- ii. **Project Selection:** Students are encouraged to apply for internship in industries/research establishments as specified in the University guidelines. These projects should align with their academic curriculum and professional interests.
- iii. **Adherence to University/Industry Regulations:** It is mandatory for students to comply with all the rules and regulations set forth by the University and the hosting industry/research establishments. This includes adhering to safety protocols, confidentiality agreements, and professional codes of conduct.
- iv. **Permission for Content Usage:** If students intend to utilize any intellectual content such as drawings, photographs, or documents from the industry, they must seek prior permission from the concerned authority.
- v. **Regular Communication with Academic Guide:** Each student is required to maintain regular communication with their academic guide/mentor in the college. Weekly updates regarding the progress of the internship should be provided to the academic guide.
- vi. **Internship Report Preparation:** Students must collaborate with their academic guide to prepare an internship report. This report should comprehensively document the activities undertaken during the internship, the skills acquired, challenges faced, and the overall learning experience.
- vii. **Attendance Certificate:** Attendance Certificate from the industry is mandatory mentioning the period of Internship signed by an authorized signatory, as per the format provided by the college and shall be submitted to the Head of the Institution.

INSTITUTIONAL POLICY ON ENVIRONMENT AND GREEN INITIATIVES

Sree Narayana Guru College of Engineering & Technology, which was established in 2003, is located at Korom, a rural village 6 km from Payyanur, a town in North Kerala. It is approximately 40 km from Kannur and 58 km from Kasaragod. Residents of Kannur and Kasaragod, are the two areas where the majority of the college's stakeholders live, rely mostly on agriculture for their livelihood. This emphasizes the requirement for environmental protection and the maintenance of the harmony between humans and the environment. The College, which is the first door for academic aspirations to the youth of this region who desire higher learning, has the fundamental responsibility of protecting and preserving the environment.

Scope of the Policy

The Green Campus, Energy, and Environment Policies will create innovative new co-curricular and extracurricular activities that inspire students to take the initiative in bringing about change. These initiatives demand a comprehensive evaluation of all administrative, co-curricular, and infrastructural activities from the perspectives of energy efficiency, sustainability, and the environment. This policy's key areas of focus are:

- Clean Campus Initiatives
- Landscaping Initiatives
- Clean Air Initiatives
- Alternative Energy sources and installation of Energy Efficiency Equipment
- Water Conservation measures

- Waste Management measures
- Awareness programmes on environmental protection
- Environmental Audits

Objectives of the Policy

The key objective of the policies includes

- Integrating environmental issues into policies, strategies and programmes for social development and outreach initiatives.
- Protection and preservation of ecological systems and resources on campus.
- Making sure that environmental resources are used wisely in order to satisfy the needs and ambitions of both the present and future generations.
- Joining hands with all stakeholders and the local community to increase acceptance of environmentally sound practices, improve awareness about them, and mitigate any negative effects they may have on the environment.
- To consistently increase the effective use of all resources, including water and energy, and to cut back on consumption and waste production while recovering and recycling waste materials whenever practical.
- To occasionally undertake audits of the environment and energy use.
- To reduce the usage of paper in administration by implementing an e- governance policy and minimizing use of plastics within campus.

Policy on Environment and Green Initiatives

As part of the initiatives under Institutional Policy on Environment and Green Initiatives, we had made the following method and operating procedures to be followed in the college under different criteria as stated below

a. Clean Campus Initiatives

Sree Narayana Guru College of Engineering & Technology views cleanliness as a fundamental practice of educated people, this includes both environmental and personal cleanliness. We are dedicated to providing appropriate instruction and fostering a culture of understanding among our student body regarding these issues.

- The college administration will take the lead on the clean campus initiative by ensuring that resources, personnel, and waste handling methods are properly distributed throughout the year.
- Every undergraduate student must take “Introduction to Sustainable and Engineering” course as part of their Third semester in order to graduate. This includes the need for environmental protection a part of the curriculum.
- Educating students and staff members about cleanliness and hygiene through awareness campaigns and cleaning initiatives. The goal is to inspire them to make a proactive contribution. Staff members will set an example for pupil by taking part in the college campus cleaning campaign.
- The community service projects carried out by volunteers of the college's NSS and Nature Club.
- To spark enthusiasm among the student body, activities including contests for posters and slogans, essays, speeches, and skits will be organized.
- Remove all waste materials in a proper manner, including e-waste, broken furniture, obsolete equipment, etc.
- Students undergo training in waste removal and keeping the campus clean, particularly during college events.
- Waste Disposal is an important part of the activities undertaken by the institution.

b. Landscaping Initiatives

It is an essential component of campus life since it offers areas for study, recreation, outdoor activities, relaxation, and aesthetic enjoyment. Green campus landscaping controls runoff, aids in groundwater recharging, purifies and cools campus air. The college community's dedication to sustainability is exemplified by the landscape. Campus landscaping projects are an excellent approach to raise environmental awareness because they are so visible and accessible.

- The tranquil landscape of trees and plants offers students and staff a refreshing atmosphere. Sree Narayana Guru College of Engineering & Technology has a wide variety of vegetation, which is home to different kinds of animals and birds, making the campus highly diversified.
- Yearly tree-planting campaigns are organized and student organizations are

encouraged to host tree-planting activities. The college demonstrates its commitment to enhancing this healthy ecosystem and maintaining the symbiotic relationship between the institution and nature.

c. Clean Air Initiatives

As part of the initiatives under Institutional Policy on Environment and Green Initiatives,

- We promote the usage of public transit among our students and staff.
- We promote carpooling for college, which reduces air pollution and improves social contact.
- To deter the use of personal vehicles, the campus restricts the admission of vehicles.
- The rich natural environment serves as an extension of the area's green lung in addition to purifying the air on campus.
- In accordance with the guidelines established by the National Tobacco Control Programme (NTCP), the college forbids the use of all forms of tobacco products, including smoking.
- We avoid burning waste and instead use environmentally friendly recycling techniques.

d. Alternative Energy sources and installation of Energy Efficiency Equipment

- We are dedicated to minimize and sustainably manage the consumption of electricity produced by non-renewable resources by switching to clean energy sources like solar energy.
- An LED manufacturing unit is functioning in the campus in order to promote the importance of energy conservation among our students, staff and local community. We commit to install environment-friendly electrical appliances that save energy and reduce wasteful inefficiencies.

e. Water Conservation and Management

We are devoted to this effort to refill the groundwater table by practicing rainwater harvesting through pits and channels. The replenishment and recharging of the groundwater are aided by this approach. We also adopt the following measure to

manage the use of water.

- Maintain leak proof water fixtures.
- Minimize the unwanted use and wastage of water.
- Immediate measures to stop any water leakage through taps, pipes, tanks, to flush etc.
- Study on possibility of reuse of wastewater.

f. Waste Management Processes

We are committed to reducing and managing the waste produced by the college campus in order to reduce its adverse impact on the environment. With its aim to provide holistic education that also has a positive impact on the environment, the college adopts practices that will mitigate the waste generation, and manage solid and liquid waste through the following methods:

- Consistently practice the three R's of environmental friendliness (Reduce, Reuse and Recycle).
- Collect paper waste generated on campus and work with recyclers to find new uses for it.
- Minimize solid waste through the implementation of a teaching and management strategy that prioritizes technological solutions.
- Support the digitization of attendance and internal assessment records to reduce the usage of paper. By updating the college library's collection of e-books and e-journals, the need for printed books can be reduced.
- Encourage faculty and students to submit assignments via online
- Take steps to educate students about food waste and strategies for reducing it.
- Reducing the amount of packaged food consumed
- Recycling and reusing non-biodegradables as much as possible
- Conducting solid waste management workshops for students.
- Study on possibility of reuse of wastewater

Sree Narayana Guru College of Engineering & Technology ensures that its usage of technology and generation of e-waste does not impact the environment. For this purpose, the college plans to strive towards provisions for the disposal of the institutional e-waste by Collaborating with e-waste recycling companies to get the electronic waste recycled. We also create awareness amongst students regarding the reduction of e-waste and environment friendly disposal practices for e-waste and encourage department and society level activities

pertaining to e-waste management.

g. Awareness programmes on environmental protection

- Outreach and education are of utmost importance so that all members of the campus community may value the objectives of the policy and aid in its implementation. We support and encourage awareness campaigns, seminars, workshops, conferences and other interactive sessions to facilitate effective implementation of the Green Campus along with implementation of Energy and Environment policies.
- We encourage all the departments and specific student organizations like NSS, Nature Club and others to organize events, competitions and training sessions that will bring about positive environmental changes at the grassroot level. The college supports departments and student associations in moulding the students into active agents of environment protection and conservation.

h. Environmental Audits

- The college aims to conduct a Green and Environment Audit of the college campus to assess the strengths and weaknesses in order to further our goals of long-term sustainability. A green audit is an useful tool to determine how and where most of the energy or water or resources are being used. It will create health consciousness and promote environmental values and ethics. It provides a better understanding of the impact of eco-friendly practices on campus. Green auditing will promote financial savings through reduction of resource use.
- The energy audit, with its specialized tools will identify wastage of energy. Such an inspection often reveals several different flaws which cause a loss of significant amounts of energy which the college will not be able to detect. These flaws often have easy and affordable solutions and provide significant savings.

Conclusion

The concept of a "green campus" is becoming more and more popular among students as a result of the institutional improvements toward sustainability and eco-friendly practices being passed down to the students. This provides a larger platform to spread the institution's environmental principles and increase awareness as the message steadily spreads to their homes and the broader community. This policy's implementation will aid in the protection

and preservation of ecological systems and resources on campus by ensuring that they are used wisely to meet the needs and aspirations of both the present and future generations. The policy will also aid in collaborating with all stakeholders and the local community to create a sustainable environment.
