VIHAAN 2023

The student induction programme “**VIHAAN 2023**” was conducted for the first year newly admitted students at Sree Narayana Guru college of Engineering & Technology Kannur under APJ Abdul Kalam Technological University. The programme was held from 8th September 2023 to 15th September 2023 following the AICTE norms, for all the branches. The program structure includes sessions dealing with familiarization with College, Dept, Branches, Mentoring of the students and universal human values, interaction with prominent Alumni, physical activities, creative arts, literary activities, proficiency modules in English, Mathematics, and Computer Programming, lectures and workshops by eminent people, extra-curricular activities etc.

ABOUT THE INDUCTION PROGRAM

Transition from a school to university life is one of the most challenging events in a student's life. Induction program aims a smooth transition of student life from pre - university level to a professional college, preparing them to adapt with their new roles and ambience. The program offers a beautiful combination of literary, personality development activities, human value sessions, career development and placements opportunities, sports, cultural events and many more.

OBJECTIVE

Induction program set out a strong foundation for the students for their four yearlong Engineering journeys. The motive of the program is to inculcate the students with the culture of the institution, departmental facilities, library and laboratory facilities, placements and careers opportunities, teacher student relationship and to create strong bond among themselves to work as a team and explore the world of Engineering together.

DAY 2 (24th JULY): FORENOON

On 26th July 2018 induction program was conducted for the newly admitted students at the Meeting Hall. The program aimed to provide the students with information and guidance regarding their college journey. Several sessions were organized, including breathing exercises, self-evaluation form filling, and ice-breaking activities.

The induction program started with a session on breathing exercises conducted by Professor O. Unnikrishnan. The session aimed to help students relax and manage their stress during their college life. Professor Unnikrishnan provided guidance on different breathing techniques and their benefits. The students actively participated and found the session helpful in improving their focus and overall well-being. Following the breathing exercises, the session continued with a form filling activity related to self-evaluation. This session aimed to familiarize the students with the process of self-evaluation and reflection. Divya SP, Premanand C, Manurajan TV, and Anand M E assisted the students in filling out the form. The students filled in their goals, strengths, weaknesses, and aspirations, which would form the basis for their personal development throughout their college journey. The next session of the induction program was an ice-breaking activity called "Roping Through." Divya SP, Premanand C, Manurajan TV, and Anand M V facilitated this activity. The purpose of this session was to encourage students to interact with their peers, build connections, and create a friendly and inclusive environment. The students were
